Subject: Application for Dairy Farm Assistant

Dear Sir/Madam Hiring Manager,

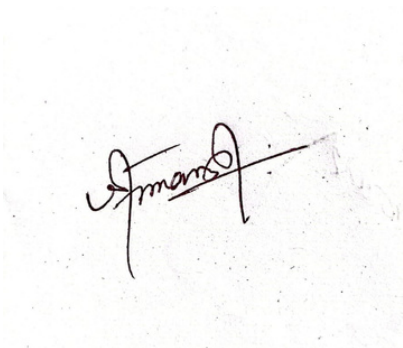

I am writing to express my strong interest in the position of Dairy Farm Assistant. Having grown up in Nepal, I have worked on my family farm for years, where I have gained practical experience handling cows, bulls, and goats. I am deeply comfortable with animal care, feeding routines, and maintaining a clean and safe environment for livestock.

In addition to my practical farm background, I have a technical education in computer science and I hold a Full Stack Development certification. This has helped me develop a highly disciplined, detail-oriented, and problem-solving mindset. I am very comfortable using modern technology and will be quick to learn and operate computerized milking or herd-management systems.

I am a hard-working, physically fit individual who is accustomed to working early mornings and outdoors in all weathers. I have a valid passport and am eager to relocate to Ireland to contribute my skills and work ethic to your farm team.

Thank you for your time and for considering my application.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Jit Bahadur Tamang', is written over a light blue grid background.
